**MR. DAVID MORGAN**  
Officer-in-Charge and  
Chief, Governing Bodies and Meeting Services  
CITES Secretariat  
International Environment House Chemin de Anemones  
1219 Chatelaine, Geneva, Switzerland  
Fax No. +41 (22) 7973417  
E-mail: [info@cites.org](mailto:info@cites.org)

Dear Mr. Morgan,

Greetings from the CITES Management Authority of the Philippines for terrestrial species!

Please find attached the Philippines' 5<sup>th</sup> Progress Report on the implementation of the National Ivory Action Plan based on the template provided by the CITES Secretariat. The report covers the accomplishments for the period 16 June 2016-31 May 2018. Kindly acknowledge receipt of the report.

It is worth mentioning that the Philippines has neither confiscated nor detected any shipment of illegal elephant ivory in the country for at last nine (9) years. Given this, may we request that the Philippines be deleted from the list of countries "important to watch" for illegal ivory trade. Rest assured that the Philippines will remain vigilant in monitoring our entry and exit points and enforce the full force of national policies and CITES rules and regulations against any violators.

Thank you and best regards.

Very truly yours,

  
**CRISANTA MARIENE P. RODRIGUEZ**  
OIC-Director

# **PHILIPPINES' IMPLEMENTATION OF THE NATIONAL IVORY ACTION PLAN (NIAP)**

## **FIFTH PROGRESS REPORT (16 June 2016 -31 May 2018)**

### **PART A: Synopsis of NIAP implementation**

#### **CATEGORY 1: LEGISLATION AND REGULATION**

##### **1.1 Registration of ivory and ivory products in compliance with Res. Conf. 10.10 (Rev. 16)**

The proposed DENR Administrative Order on "Registration of Raw and Worked Elephant Ivory for Commercial Purposes" under finalization stage after having posted in the Biodiversity Management Bureau (BMB) website ([www.bmb.gov.ph](http://www.bmb.gov.ph)) for more than a year. The guidelines shall cover the registration of raw and/or worked elephant ivory legally imported by individuals or entities in the Philippines including antiques and Pre-CITES specimens intended for commercial purposes.

##### **1.2 Amendment of Republic Act 9147 known as "Wildlife Resources Conservation and Protection Act"**

The DENR, through BMB had initiated the amendment of RA 9147 to better deter commission of wildlife crime offenses, provide common interpretation of penalties to be imposed against violators by the Court, and address other policy gaps. The proposed Bill is currently under review by the DENR, Legislative Service and the Philippines House of Representatives-Committee on Natural Resources. It is a product of three (3) stakeholders' consultations led by the DENR-BMB in collaboration with the Bureau of Fisheries and Aquatic Resources (BFAR) and the Palawan Council for Sustainable Development (PCSD), and through the assistance of USAID Protect Wildlife Project and US Department of the Interior-International Technical Assistance Program. The said workshops were participated in by representatives from various national government agencies, including enforcement agencies, local government units, the wildlife industry, academic and scientific institutions, and the civil society organizations.

##### **1.3 Annual re-inventory of government stockpile of ivory**

The Philippines through this Bureau regularly submits inventory report of its government-held stockpile of elephant ivory every 28 of February. The complete inventory reports for 2017 and 2018 were submitted to the CITES Secretariat through letters addressed to the Secretary-General John E. Scanlon on 17 February 2017 and 26 February 2018, respectively. Copies of these reports are attached herewith as "Annex 1". No illegal shipment of elephant ivory into the Philippines has been recorded for the past nine (9) years.

## **CATEGORY 2: NATIONAL LEVEL ENFORCEMENT ACTIONS, INVESTIGATION AND NATIONAL INTER-AGENCY COORDINATION**

### **2.1 Continuous operation and mobilization of the Philippine Operations Group on Ivory and Illegal Wildlife Trade (POGI)**

For the report period, a total of 32 enforcement operations were conducted by the Philippine Operations Group on Ivory and Illegal Wildlife Trade (POGI) and DENR Regional/Field Offices, in collaboration with and assistance of partners from other enforcement agencies. These operations resulted to the confiscation of about 2137 wildlife specimens worth at least PhP 55.0M. Fifteen (15) criminal complaints/cases were filed in various Courts against 36 suspected law violators. Out of these 15 cases, seven (7) were resolved in Court. Court hearings for the remaining filed cases are still on-going.

### **2.2 Capacity building of personnel/officers of the DENR and partner-agencies/organizations on wildlife law enforcement**

#### ***a. First National Wildlife Law Enforcement Summit***

On 22-23 November 2016, the DENR-BMB convened the first Wildlife Law Enforcement Summit with a theme "Strengthening Partnerships, Reducing Wildlife Crimes" (Annex 2 Fig. 1). The Summit gathered wildlife enforcement officers and partners from various agencies/organizations to a) exchange /share experiences, lessons learned, and challenges on wildlife law enforcement; b) validate the current state of wildlife law enforcement in the country; c) be informed of recent developments, including projects/programs/initiatives on wildlife law enforcement at the international, regional, national and local levels; and d) generate recommendations to address issues/challenges and to strengthen wildlife law enforcement in the country. About 150 participants attended the event. The output of the Summit served as inputs to the draft Wildlife Law Enforcement Action Plan (WildLEAP) which was subjected to a series of consultation workshops. The WildLEAP will serve as the national framework in combatting illegal wildlife trade and other wildlife-related crimes in the country. The WildLEAP is already for endorsement by BMB to the DENR Secretary for approval. The Bureau plans to conduct the 2<sup>nd</sup> National Wildlife Summit in November of this year.

#### ***b. Training of Trainers (ToT) on the Application of the Wildlife Law Enforcement Manual of Operations***

The DENR, through BMB, in partnership with the USAID-Protect Wildlife and the US Department of the Interior-International Technical Assistance Program (USDOI-ITAP), implemented the sixth and seventh Training of Trainers on the Application of the Wildlife Law Enforcement Manual of Operations within the report period. These trainings aimed, among others, to: i) promote better understanding of Republic Act 9147 (Wildlife Resources Conservation and Protection Act) and enhance capacity of Wildlife Enforcement Officers (WEOs) and partners from various agencies/organizations, including local government units and the civil society in the enforcement of the said law following the

standards and protocols provided in the Manual; and, ii) develop a pool of trainers who can assist the Bureau in disseminating the provisions of RA 9147 and in building enforcement capacities at the local and national levels. The trainees also formed part of the wildlife conservation and law enforcement network in the country.

ToT6 was conducted last 15-19 May 2017 at the Greenleaf Hotel, General Santos City. Seventy-five (75) participants completed the training. These included 23 personnel from the Enforcement Division of DENR Regional Offices, 43 from the PNP-Maritime Group, 4 from the BOC-Environmental Protection Unit, 2 from BFAR-Region 13, 2 from LGU-General Santos City and one from the Palawan Council for Sustainable Development Staff (Annex 2 Fig. 2).

The ToT7 was conducted last 20-24 November 2017 at Marcian Group Hotels, Zamboanga City. This training was implemented specifically for personnel from enforcement agencies assigned in ZamBaSuLTa (Zamboanga, Basilan, Sulu, Tawi-tawi) region. Thirty-two (32) representatives from Philippine National Police, National Bureau of Investigation, Philippine Port Authority, Local Government Units, Philippine Coast Guard, Department of Agriculture and DENR-Regional/Field Offices in Zamboanga participated in said training. The eight series of this training will be conducted in September of this year (Annex 2 Fig. 3).

#### *c. Wildlife Forensics and Criminal Investigation Training*

The training, which was co-organized by the US-Department of Interior, USAID-Protect Wildlife Project, and the National Law Enforcement Coordinating Committee-Sub Committee on Environment and Natural Resources, including BMB was successfully conducted last 18-24 March 2018 at Grand Canyon Resort, Clark, Pampanga. The training aimed to: i) equip the participants with knowledge and skills on proper documentation of wildlife crime scene, including collection, handling and preservation of evidence; and ii) capacitate the participants in the preparation of investigative reports as well as considerations during the process of inquest and preliminary investigation, and how to testify in Court. The training was participated in by 47 representatives from the National Bureau of Investigation, Philippine Coast Guard, Philippine National Police-Maritime Group, Bureau of Customs, Palawan Council for Sustainable Development and DENR Regional/Field Offices (Annex 2 Fig. 4).

### **CATEGORY 3: International enforcement collaboration**

#### **3.1 Collaboration with U.S. Fish and Wildlife Service**

- a. On the basis of intelligence information from the US Fish and Wildlife Service, the NBI-EnCD, BMB-ET, and DENR-CARAGA Region conducted an enforcement operation against a certain last 21 February 2017. Recovered from 's residential premises were 504 Pitcher

plants, 286 pcs Lady slippers' orchids, and 14 trays & 61 pots of Pitcher plant seedlings.

A criminal complaint was filed against \_\_\_\_\_ for his violation of Section 27 (e) and (f) of RA 9147. The confiscated plants are currently under the custody of DENR CARAGA.

- b. Last 14 July 2017, residences of two alleged smugglers of reptiles to the United States were searched for undocumented wildlife by a joint operative of POGI (NBI-EnCD, BMB), DENR-R7 and CENRO-Cebu City. The alleged reptile smugglers were \_\_\_\_\_ and \_\_\_\_\_. The search at the residence of \_\_\_\_\_ on one hand, was made by virtue of Search Warrant # 0104-07-1317-23. Found in \_\_\_\_\_ residence, and immediately seized by the team, were a Burmese python and a Gray's monitor lizard. \_\_\_\_\_ was charged with 2 counts (Criminal case numbers M-CEB-17-03645-CR and M-CEB-17-03649-CR) of illegal possession of wildlife, a violation of Section 27(f) of RA 9147.

On the other hand, the search in the residence of \_\_\_\_\_ was made by virtue of Search Warrant # 0103-07-1317-23. Taken from \_\_\_\_\_

\_\_\_\_\_ were 4 pcs of mounted (framed) spider exoskeletons. He was charged with 4 counts (Criminal case numbers M-CEB-17-03651-CR, M-CEB-17-03652-CR, M-CEB-17-03654-CR and M-CEB-17-03656-CR) of illegal possession of wildlife by-products, a violation of Section 27(f) of RA 9147.

\_\_\_\_\_ and \_\_\_\_\_ posted a bail of Forty Thousand Pesos (PhP40,000.00) each for their temporary liberty.

- c. On May 7, 2014, the Philippine Government through Department of Environment and Natural Resources (DENR), Department of Agriculture (DA) and Department of Interior and Local Government (DILG) had entered into a collaborative partnership with the U.S. Department of the Interior. Through the said MOU, the US Fish and Wildlife Service provided forensic assistance to DA-BFAR and DENR-BMB and had free access its forensic laboratory. Also, as part of the continued partnership, the US Fish and Wildlife Service provided technical assistance for the development of an Environmental Law Enforcement Management Information Systems (ELEMIS) for the Philippines. The MOU expired in May 6, 2016.

### 3.2 Participation in international training programs/conferences/ meetings

The Philippines participated in the following regional and international training programs/conferences/meetings:

a) *Environmental Law Enforcement Management Information Systems (ELEMIS) Technical Workshop, Lakewood, Colorado, U.S.A.*

Seven (7) participants from the Philippines (from DENR, NBI, and US-Office of the International Narcotics) attended the 10-day workshop (June 8-18, 2016) in Lakewood, Colorado, U.S.A. on Environmental Law Enforcement Management Information Systems (ELEMIS). The workshop aimed to develop an inter-agency information management system for the Philippines including the technical design plan, application and hardware requirements that based on LEMIS, a database that the US Fish and Wildlife Service had developed to monitor and record their environmental law enforcement activities, and currently, a BFAR-specific version of ELEMIS is already operational. Following the workshop, the DENR has developed its own system and the roll-out to DENR Regional and Field Offices started last year.

b) *17th Meeting of the Conference of the Parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES-CoP17, Johannesburg, South Africa*

The 17th Meeting of the Conference of the Parties to the Convention (CITES-CoP17) was held from September 24-October 5, 2016 at Sandton Convention Center, Johannesburg, South Africa. It was attended by more than 3,500 participants representing 152 governments, international organizations, non-governmental organizations and media.

The Philippine Delegation to the CITES-CoP17 was composed of 13 members including advisers from various organizations/institutions. It was headed by DENR Undersecretary Ernesto D. Adobo, Jr. The late Dr. Antonio C. Manila of DENR-BMB served as Alternate Head. Other members of the PhilDel were Director Val Simon T. Roque from the Department of Foreign Affairs; Dr. Simplicia A. Pasicolan from Ecosystems Research and Development Bureau; Atty. Adelina B. Villena and Ms. Libeta A. Lagrada from PCSDS, Ms. Josefina L. de Leon and Dr. Esteven U. Toledo from BMB, and Mr. Rainier Manalo and Ms. Anna Oposa from the private sector. The major outcomes of CITES COP17 include, among others, the transfer of eight (8) species of Pangolins, including the Philippine pangolin (*Manis culionensis*) from Appendix II to Appendix I and the inclusion of *Alopias spp.* (Tresher sharks) and *Carcharhinus falciformis* (Silky sharks) to Appendix II with 12-month implementation delay.

c. *Wildlife Trafficking Investigation Course, International Law Enforcement Academy (ILEA) Bangkok, Thailand*

As in the past two (2) years, the DENR participated again in the "Wildlife Trafficking Investigators Course" at the International Law Enforcement

Academy in Bangkok, Thailand. Experts from the United States handled the training. Throughout the 10-day training held from February 19, 2018 to March 2, 2018, the participants were given overview of various wildlife trafficking investigative topics, which were reinforced and applied through succeeding field operations.

The training provided our participant with new knowledge and skills that could help in pursuing wildlife crime investigation and operation in the country.

*d. 13th Meeting of the ASEAN Working Group on CITES and Wildlife Enforcement, in Parapat, South Sumatera, Indonesia*

Ms. Josefina L. de Leon of BMB, represented the Philippines in the 13th Meeting of the ASEAN Working Group on CITES and Wildlife Enforcement held last 3-5 April 2017 in Parapat, South Sumatera, Indonesia.

The ASEAN-WEN and AEG-CITES Meetings are regular (annual) events of AMS aimed at: exchanging information on current developments and discussing issues concerning wildlife law enforcement and CITES implementation in each AMS and in the region; and, promoting better coordination and collaboration between and among law enforcement agencies and CITES authorities in the region. The decision to merge the two groups to become the ASEAN Working Group on CITES and Wildlife Enforcement was made during the 18<sup>th</sup> Meeting of the ASEAN Senior Officials on Forestry.

Ms. De Leon shared the accomplishments of the Philippines in wildlife law enforcement. She also took advantage of the Meeting as an opportunity to invite the ASEAN countries to visit and join the Philippines in its hosting of the 12<sup>th</sup> Meeting of the Conference of the Parties to the Convention on the Conservation of Migratory Wild Animal in October 2017.

*e. 4th Regional Dialogue on Combating Trafficking of Wild Fauna and Flora in Bangkok, Thailand*

This regional event took place last 11-15 September 2017 at the Miracle Grand Convention Hotel in Bangkok, Thailand. Two representatives from the DENR, namely: Dr. Rogelio D. Demelletes, Jr., a Senior Ecosystems Management Specialist of BMB and Mr. Modesto Lagumbay, an Enforcement Division Chief from DENR-Region XIII formed part of the Philippine delegation to the said event, along with NBI-Environmental Crime Division Chief, Atty. Czar Eric Nuqui and Enforcement Division Chief Niño Estoya of the PCSDS.

The Dialogue was organized by the Department of National Parks, Wildlife and Plant Conservation (DNP) of the Ministry of Natural Resources and Environment (MNRE) of the Kingdom of Thailand. It aimed to: a) update and report on current situation, and progress of enforcement efforts of ASEAN member-countries against trafficking of wild flora and fauna; b) strengthen collaboration and build strong partnership between member-countries; c) share best practices in combating trafficking of wild flora and fauna; and, d) elaborate and determine the detail of Plan of Action for The ASEAN

Cooperation on CITES and Wildlife Enforcement (2016-2020) to support and promote implementation of the activities related to combating trafficking of wild fauna and flora.

*f. International Conference on Illegal Wildlife Trade*

This Conference was held in New Delhi, India from October 2-6, 2017. It was attended by USEC Ernesto D. Adobo, Jr. and BMB enforcement officer, Dr. Esteven U. Toledo. The meeting hosted wildlife experts, leading practitioners across 19 countries implementing national projects under the Global Wildlife Program. With the theme "Peoples' participation in Wildlife Conservation", the Conference provided a venue for knowledge exchange on combating illegal poaching of wildlife and improving governance on wildlife conservation. Participating nations included Afghanistan, Ethiopia, Cameroon, Botswana, Indonesia, Mali, Malawi, Kenya, Mozambique, Philippines, Republic of Congo, South Africa, Tanzania, Thailand, Vietnam, Zambia, and Zimbabwe.

**CATEGORY 4: Awareness and education**

**4.1 Conduct of seminars on national and international policies governing ivory for authorities at major air and sea ports**

The DENR-BMB continuously carried out its "Stop Illegal Wildlife Trade" campaign, initiated in 2015, as part of its measures to reduce illegal wildlife trade including elephant ivory and to raise awareness on the importance of wildlife heritage. For the report period, 15 seminars were conducted in various airports and seaports in the country, to wit: Laguindingan International Airport (June 28, 2016), General Santos International Airport (July 27, 2016), Port of Glan, Saranggani (July 28, 2016), Zamboanga City International Airport (August 11, 2016), Francisco Bangoy International Airport and Sasa Wharf (November 21, 2016), Lipata Seaport (June 7, 2017), Matnog Seaport (August 24, 2017), Liloan Seaport (September 7, 2017), Clark International Airport (September 15, 2017), Iloilo City Airport and Seaport (September 19, 2017), Batangas Port (February 8, 2018), Calapan Port (February 20, 2018), Basco Airport and Seaport (April 11, 2018), San Jose International Airport and Abra de Ilog (April 26, 2018), and Dumaguete Airport and Seaport (May 23, 2018). To date, the Bureau had conducted 18 orientation-seminars targeting authorities in major air and sea ports in the country. Other sea/airports covered by the seminar were Ninoy Aquino International Airport (NAIA), Mactan-Cebu International Airport and Bacolod-Silay International Airport. A total of 791 personnel from government agencies and private entities, including airline companies and local and international couriers manning/operating in said air and seaports participated in the seminar (Annex 2 Fig. 5).

#### **4.2 Production and dissemination of information and educational materials**

This Bureau produced the following IEC materials: tarpaulins featuring Philippine endemic wildlife species and policies governing the conservation and protection of wildlife; posters on threatened wild flora; "Bawal" poster featuring species prohibited for collection and trade for commercial purposes; and updated compilation of policies, rules and regulations on Republic Act 9147.

These materials were distributed to various offices of the DENR, partner-agencies, civil society organizations and the general public.

#### **4.3 Participation to the global celebration of the World Wildlife Day**

Every year, the Philippines joins the global community in celebrating the **World Wildlife Day**. The DENR through the BMB and the DENR-Regional and Field Offices including our partner-agencies simultaneously conducted various wildlife-related activities. The national celebration was held at the Ninoy Aquino Parks and Wildlife Center, the highlights of which included the following:

- Conferment of the of the 4<sup>th</sup> (2017) and 5<sup>th</sup> (2018) Wildlife Law Enforcement Awards – This ceremony is a regular activity conducted every celebration of World Wildlife Day to recognize private individuals and non-DENR officials/personnel who have provided invaluable assistance and unqualified support to the DENR and the Philippine Operations Group on Ivory (POGI) & Illegal Wildlife Trade in enforcing the provisions of the Wildlife Act (R.A. 9147). 107 men and women from various enforcement agencies and non-government organizations as well as private individuals were recognized for their significant contributions to wildlife law enforcement work during the said awarding ceremonies, giving a total of 271 award-recipients for the past 6 (six) consecutive years (2013-2018) [Annex 2 Fig. 6].
- 2<sup>nd</sup> and 3<sup>rd</sup> Wildlife Quiz Bee – This contest is also a regular activity during the celebration of WWD. It aimed to encourage the students to give particular attention to current developments on wildlife, both nationally and internationally, and to raise awareness and appreciation of the richness, importance, and conservation needs of wildlife resources. Sixty (60) Grade 9 students from different public schools in the National Capital Region (NCR), Region IV-A (CALABARZON) and Region 3 participated in the Wildlife Quiz Bee Contest wherein they were challenged with questions about wildlife. It also served as an opportunity for them to hone their knowledge and, at the same time, learn the values associated with winning and losing in a competition. Tokens and cash prizes were awarded to top four winners. Tokens and small amount were also given to non-winning participants as incentives (Annex 2 Fig. 7).

b.3 Youth Biocamp – A two-day learning event designed for the kids and youth sector which aimed to expose the participants to biodiversity conservation, and made them aware of their role in protecting and conserving the biodiversity. It was conducted last 3-4 March 2018 at Ninoy Aquino Parks and Wildlife Center and participated in by high school students, aged 13-18 years old from various schools in Metro Manila and Cavite. Among the activities undertaken were lecture on biodiversity conservation, environmental games, skits or role playing, nature walk, wildlife watching, and close encounter with selected species of wild animals (Annex 2 Fig. 8).

**Subject: Elephant ivory stocks: marking, inventories and security**

**Dear Secretary-General Scanlon,**

Greetings from the CITES Management Authority of the Philippines for terrestrial species!

In compliance with CITES Notification No. 2017/008: **Elephant ivory stocks: marking, inventories and security**, please find attached the complete inventory of the Philippine government's ivory stock as of January 2017 following the prescribed format/model for the purpose.

In relation to this, we wish to inform you that the Philippines has not seized/confiscated any ivory specimens from 2010 to date.

Thank you and best regards.

Very truly yours,
