Doc. SC.42.4

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES OF WILD FAUNA AND FLORA

Forty-second meeting of the Standing Committee Lisbon (Portugal), 28 September-1 October 1999

FINANCE AND ADMINISTRATION

- 1. This document has been prepared by the CITES Secretariat for consideration by the Standing Committee.
- 2. The annexes to this report provide information on the state of the Trust Fund of the Convention for the period 1998-2000. The Secretariat presents also its medium-term budget plan (covering five years, split into two financial periods, namely the fixed budget period 2001-2002 and the projected budget period 2003-2005) for endorsement by the Standing Committee.
- 3. Annex 1 shows the status of contributions to the CITES Trust Fund as at 30 June 1999. Unpaid contributions totalled CHF 3,400,532, of which CHF 658,862 were due for 1998 and prior years.

Disappointingly, the total unpaid contributions for 1999, as at 30 June, stood at CHF 2,741,670. Some 64% of Parties were still to pay their full contributions for this year (i.e. 88 States [61% of Parties] were yet to pay anything and five States [3% of Parties] had not paid the full amount of their scheduled contributions). Of the 88 Parties that had not paid anything for 1999, there were 37 in Africa, 23 in Central and South America and the Caribbean, 16 in Asia, 10 in Europe, and 2 in Oceania. The Secretariat has sent reminders to these Parties.

Only five Parties had paid their contribution or any part of it for 2000.

The Standing Committee should note that the total unpaid contributions for 1991 & prior years now stands at CHF 4,116 (slightly lower than the CHF 4,245 reported at the previous meeting of the Standing Committee). As agreed at the forty-first meeting of the Committee, the Secretariat has omitted this outstanding amount from its table of contributions due.

- 4. Annex 2 provides the revised accumulated fund balances as at 30 June 1999.
- 5. Annex 3 is a copy of the certified accounts of the Trust Fund of the Convention for 1998. These accounts have been certified as correct and in accordance with the accounting policies and financial regulations and rules of the United Nations. The certified accounts for the CITES Trust Fund are included as an integral part of the certified accounts of UNEP for 1998. The audited UNEP accounts are submitted to the General Assembly on a biennial basis, in line with United Nations practice. Accordingly, the audited 1998 accounts, together with the 1999 accounts, will be forwarded to the General Assembly next year.
- 6. Annex 4 provides the final report of expenditures for 1998.
- 7. Annex 5 provides a preliminary report of expenditures for 1999 to 30 June.

The professional and support staff costs remain as previously approved at CoP10 and modified subsequently at meetings of the Standing Committee. These approved costs include the post adjustments made following the recently completed classification of Secretariat posts required under UN Administrative Instruction ST/Al/1998/9 and staff regulation 2.1.

It should be noted that this report is based on the Secretariat's accounts as of 30 June 1999 and that these are yet to be confirmed by UNEP Headquarters in Nairobi.

- 8. Annex 6 details the additional funds required in 1999 for priority activities. The Standing Committee is requested to consider these activities and decide on the priorities for additional funding.
- 9. Annex 7 refers to the projected expenditures for 2000.
- 10. Annex 8 contains a review of the CITES banking arrangements.
- 11. Annex 9 presents the medium-term budget plan for endorsement by the Standing Committee.
- 12. Annex 10 provides information on the recently completed classification review of posts in the Secretariat.

List of Annexes

Annex 1Status of Contributions as of 30 June 1999

Annex 2CITES Trust Fund

Income, Expenditure and Accumulated Fund Balances as of 30 June 1999 (in CHF)

Annex 3CITES Trust Fund

Certified Accounts for 1998

Annex 4UNEP/CITES Secretariat

1998 Expenditures (Final) - in CHF

Annex 5UNEP/CITES Secretariat

1999 Expenditures to 30 June (Provisional) - in CHF

Annex 6Additional Funds for Priority Activities (1999)

Annex 7CITES Trust Fund

Estimated Financial Requirements for the Operations of the UNEP/CITES Secretariat in the Year 2000 – in CHF

Annex 8CITES Banking Arrangements

Annex 9CITES Trust Fund

Estimated Financial Requirements for the Operations of the Secretariat for the Medium Term Plan 2001-2005

Annex 10 Classification Review of Posts in the Secretariat

Notes

- 1. The 1993-1998 figures are actuals, consistent with the audited and/or certified accounts of UNEP.
- 2. The figures for 1999 are up to 30 June. They are provisional and contain some estimates.
- 3. Exchange rates between the Swiss Franc (CHF) and the U.S. Dollar (USD)

While the reporting is in CHF, most of the figures are derived from the USD-based official accounts of the Trust Fund. The following exchange rates have been used in order to arrive at the most meaningful and accurate CHF figures practically possible:

Fund balance: Calculated from the official USD amounts using the United

Nations operational exchange rate in effect on 31 December

each year.

Contributions collected: Actual CHF figures from Secretariat records.

Other income and expenditure: Annual income and expenditure figures have been converted

from USD to CHF using the average of the twelve UN

operational rates applicable for each year.

The method chosen to determine exchange rates differs somewhat from that used in previous reporting to the Standing Committee. The current method provides for more meaningful and accurate information, as the rates used are very close or equal to those actually prevailing at the time individual transactions were effected and fund balances determined.

4. The adjustments column contains gains and losses in exchange and the minor discrepancies due to the use of average exchange rates in converting expenditures USD into CHF.

Doc. SC.42.4 Annex 3

CITES Trust Fund

CERTIFIED ACCOUNTS FOR 1998

1. Statement of income and expenditure and changes in reserve and fund balance for the first year of the 1998-1999 biennium ended 31 December 1998

| | USD |
|---|-----------|
| INCOME | |
| Voluntary contributions | 4,001,335 |
| Interest income | 87,065 |
| Miscellaneous income | 13,267 |
| Total income | 4,101,667 |
| EXPENDITURE | |
| Staff and other personnel costs | 2,549,623 |
| Consultants | 61,227 |

^{*} This budget incorporates the approved budget by CoP10 and the additional and increased budget decided during the 40th and 41st meetings of the Standing Committee.

^{**} The conversion rate used to calculate the expenditure in Swiss francs from the official UNEP accounts maintained in USD is 1.4583. This is the average of the UN operational rates for the first six months of 1999.

ADDITIONAL FUNDS FOR PRIORITY ACTIVITIES (1999)

- 1. This proposal has been prepared by the Secretariat in response to the fifth operative paragraph of Resolution Conf. 10.1, which "Authorizes the Secretariat ... to draw additional funds from the Trust Fund balance at the end of each year, provided that it is not reduced below CHF 2.3 million at the commencement of any year."
- 2. In the sixth operative paragraph, the Conference of the Parties noted the following priorities as having strong support from Parties:
 - a) capacity building (especially for new Parties);
 - b) legislation for CITES implementation; and
 - c) significant trade studies.

Additionally, the Conference of the Parties noted the following activities as having some support from more than one Party:

- d) regional co-ordination;
- e) enforcement; and
- f) technical assistance from WCMC.
- 3. As instructed in the seventh operative paragraph of Resolution Conf. 10.1, the Secretariat, in association with the Standing Committee, is required "to establish the priorities for funding the ... work deriving from Resolutions adopted at the 10th meeting of the Conference of the Parties from any available drawdown in the Trust Fund balance...".
- 4. Since the accumulated Trust Fund balance at the end of 1998 exceeded CHF 2.3 million by about CHF 1.5 million (see Annex 2 of this document), the Secretariat has sufficient additional funds available to allocate to additional, high priority activities in 1999. At its 41st meeting, the Standing Committee approved the allocation of CHF 588,000 for new budget lines, as follows:

| _ | Assistance to Scientific Authorities | 70,000 |
|---|---|---------|
| _ | Newsletter | 23,000 |
| _ | Tiger Missions | 150,000 |
| _ | Botswana – verification mission and monitoring of ivory sales/shipments | 65,000 |
| _ | MIKE (start-up phase) | 140,000 |
| - | IUCN (analysis of proposals for CoP11) | 140,000 |
| | | |

5. Considering the priorities outlined in paragraph 2 above, the Secretariat presents the following proposals for allocating the remaining CHF 880,000 for consideration by the Standing Committee.

Additional Posts

6. For CITES, as for other Multilateral Environmental Agreements, there are significant problems with compliance and enforcement of its provisions. The cause of a great many of the problems for CITES is a lack of resources to implement the various regulatory mechanisms required under the Convention. To effectively run sophisticated regulatory regimes for controlling trade in CITES-listed species requires substantial administrative, technical and enforcement expertise. In particular there is a need for those in Management Authorities and Customs agencies to be able to discern the difference between the various types of shipments, to know what is and what is not covered by the Convention, and which category they fall in. Staff need to understand the obligations and procedures of CITES, and to be able to make informed judgements about

particular proposed shipments. Surprisingly, about 85 per cent of CITES Parties have incomplete or otherwise inadequate legislation for implementing the Convention. Parties without appropriate legislation have no framework to verify the validity of the import, export and re-export documents, or to interdict or seize illegal shipments or to prosecute violators. Greater capacity building is needed in those countries with special difficulties in implementing CITES and the Secretariat needs to develop the technical programmes (both bilateral and multilateral) that these countries require.

Greater efforts need to be made to offer the Parties implementation and enforcement assistance that is tailored to their specific needs. This more individualized approach, combined with a higher degree of regional co-ordination than has so far been possible, requires additional staff resources.

Similarly, the need for CITES to play its part among the multitude of multilateral environmental agreements and to ensure synergy and compatibility of its policy with these and other international legal instruments demands much greater attention and a much more proactive attitude. This growing necessity of synergy and compatibility cannot be ensured with existing staff resources.

The above requires an important increase in the Secretariat's communication capacity and capability. The skills required to exploit fully the potential of electronic multimedia information and educational technology are not currently available within the Secretariat. This seriously hampers the development of state of the art information and training material and is thus a major stumbling block on the road to the necessary decentralization of information and educational activities.

The Secretariat requests the Standing Committee to support these and other initiatives to enhance the Secretariat's professionalism, both in its 'traditional activities' and where new demands and challenges present themselves. The necessary investments are essential for innovation and making progress. The alternative would be to miss important opportunities for greatly enhanced implementation and enforcement of the Convention. A reinforced, professional Secretariat should be ready to face the challenges of the next century and of the Strategic and Action Plans being developed.

A. Executive Management Unit

- a) Legal Affairs and Trade Policy Analyst (P4)
- 7. The Secretariat requires the services of a legal and trade policy analyst:
 - to develop CITES-based 'trade and environment' policy analyses for presentation and discussion at meetings of the Conference of the Parties and for consideration by fora such as the OECD and the WTO;
 - to provide the legislative drafting advice required by the many Parties whose legislation is currently inadequate to implement the requirements of the Convention;
 - to act as the CITES spokesperson and press officer, to explain the requirements and benefits of the Convention to civil society, particularly the trade community; and
 - to monitor the developments in international law through existing and future conventions and agreements that might affect the policy and functioning of CITES and to safeguard the interests of the Convention in the context thereof.

b) Regional Assistance Officer (P3)

8. At its 40th meeting, the Standing Committee approved the establishment of a Regional Programme Officer post to assist the Secretariat in its regional assistance programme. This post has been advertised and an appointment is imminent. Although this appointment will provide much needed support to the Parties, the Secretariat believes that an additional

Programme Officer post is required to adequately address the regional assistance needs of the Parties. The proposed new staff member would:

- provide assistance to Management Authorities of Parties in the implementation of the Convention;
- assist in the organization of regional CITES meetings and in other relevant fora to inform countries about CITES and its mission;
- provide new Parties and non-Parties with the information they require to implement the Convention;
- analyse and assess the capacity of Parties in the regions to implement CITES and prepare reports highlighting the assistance required; and
- actively liaise and establish structural co-operation with, amongst others, UNEP Regional Offices and secretariats of Regional Seas Conventions and Action Plans with a view to facilitating practical regional co-operation and co-ordination.

c) Communications/Operations Control Assistant (G3)

9. The mobility of CITES Secretariat staff makes it difficult to contact people, which causes serious communication deficiencies and an insufficient level of direct response and support, particularly where urgent questions from Party authorities are concerned. To ensure that the Secretariat can be reached and that it responds appropriately at all times, it requires a full-time communications assistant, who, under the supervision of the personal assistant to the Secretary General, shall answer and direct all incoming calls in the Secretariat, to ensure that calls for absent staff are being redirected or promptly returned, to register, log and direct all incoming correspondence and to inform and remind responsible officers of follow-up dates and deadlines for responses to specific actions. The post will also provide secretarial support to the administration and finance group and assist with filing in the Secretariat.

B. Enforcement Assistance Unit

- 10. At present, the Enforcement Assistance Unit has only one professional staff post allocated under budget line 1100. That post, Head of Unit, is currently being recruited. For the past year, enforcement activities in the Secretariat have been conducted by persons seconded to the Secretariat and consultants employed to undertake specific project work. Working in that way does not allow continuity of service to the Parties or standardization of working practices. Temporary appointments are not as cost-effective as employing full-time professional staff and they also result in a loss to the Secretariat of the experience acquired by the individuals involved.
- 11. Of the 144 Decisions of the Conference of the Parties to CITES that remain in effect after the 10th meeting, 49 relate directly to matters where the Secretariat's Enforcement Assistance Unit (EAU) has the allocated responsibility for progressing the issue. The EAU also, of course, provides inputs to the work of the other functional work Units in the Secretariat.
- 12. Enforcement is regarded as a key area of the Secretariat's service to the Parties and requires specialized input to be effective. Requests to the Secretariat for enforcement assistance have noticeably increased. So too have requests from international, regional and national law enforcement organizations, in accordance with Resolution Conf. 9.8 (Rev.) and Decision 10.106. At current staffing levels, the Unit is straining to cope with the demands. Decisions 10.1 (elephants) and 10.66 (tigers) placed especially heavy workloads upon the EAU and required its professional staff member to be away on missions for much of the time. During the period October 1997 to June 1999, the duties of the Acting Head of the Enforcement Assistance Unit required him to undertake 36 missions to 23 different countries.
- 13. The Secretariat believes that a more appropriate number of professional posts within the EAU would be three; a Head of Unit, assisted by two Senior Enforcement Officers. It is

suggested that the Senior Enforcement Officers should provide specialist knowledge and support and divide their efforts between wildlife crime and trade control aspects of the Unit's activities. It is further suggested that these appointments would enable increased cooperation between the Convention's two main enforcement partners, ICPO-Interpol and the World Customs Organization.

d) Senior Enforcement Officer (P4)

- 14. This person will assist with the implementation of all Secretariat activities related to issues of wildlife crime, including:
 - liaison with ICPO-Interpol;
 - collection and dissemination of information regarding infractions against the Convention;
 - development of appropriate and practical CITES intelligence gathering and dissemination protocols for use by law enforcement agencies; and
 - provision of advice and support to international and national law enforcement agencies.

e) Senior Enforcement Officer (P4)

- 15. This person will assist with the implementation of Secretariat activities related to issues of trade and border controls, including:
 - liaison with the World Customs Organization;
 - provision of advice relating to the validity of permits;
 - development of a risk assessment protocol suitable for CITES implementation for use by Customs and other inspection authorities; and
 - provision of advice and support to regional and national Customs agencies.

f) Permit and Data Assessment Assistant (G5)

- 16. This person will assist with the Secretariat's permit assessment requests and the maintenance of the Enforcement Assistance Unit's compliance databases:
 - evaluates permits sent by Parties and determines their authenticity and validity;
 - responsible for correspondence with Parties related to permit confirmation;
 - responsible for the printing and distribution of the security stamps requested by Parties;
 - supports the Secretariat's infractions tracking system; and
 - enters data in the Secretariat's Intelligence Database.

C. Capacity Building Unit

- 17. Additional capacity building posts are required to facilitate the work of the Secretariat's Capacity Building Unit.
 - g) Senior Capacity Building Officer (P4)
- 18. This person will assist with all issues related to CITES projects, including:
 - assisting Parties in the formulation of projects with a capacity-building component included and preparing new project proposals for presentation to the Standing Committee;
 - converting project proposals into project documents to be presented to donors, for possible funding and assist in the associated fund-raising activities;
 - co-ordinating project activities with the relevant officers in the Secretariat responsible for project implementation; and

- assisting with the implementation of externally funded capacity-building activities, including: regional consultations (needs assessment), training workshops, creation of training material in various languages, etc.
- h) Capacity Building Information Officer (P3)
- 19. This person will assist with all issues related to information dissemination, including:
 - co-ordinating the CITES information management strategy;
 - developing and maintaining the Secretariat's information management systems;
 - preparing information for posting on the CITES Web site, including: the CITES Newsletter, training information, relevant information for the Parties and civil society; and
 - developing an electronic 'CITES Toolkit', including: permit issuing, national reporting, relevant WWW pages.

New Budget Lines

20. New budget line 'SIDS Implementation'.

In order to fulfil the requirements of Decision 10.112, regarding small island developing States (SIDS) the Secretariat requests approval to allocate CHF 56,000 to be used as 'seed funds' in order to organize meetings for SIDS in Oceania and the Caribbean. Co-operation with the Secretariats of the Cartagena Convention, SPREP and the Alliance of Small Island States has already been established, see document Doc. SC.42.17. This co-operation needs to be strengthened and complemented with the envisaged meetings in order to start making practical progress. Results of these consultation meetings as well as the associated action plans will be reported at CoP11.

Additional Budget Items for 1999 - in CHF

NEW BUDGET LINES

| Budge t line | Description | Maximum cost for 1999* | Average cost per year |
|--------------------|--|------------------------------|-----------------------------|
| 1115 | Legal and trade policy analyst (P4) | 35,000 | 195,000 |
| 1116 | Senior Capacity Building Officer (P4) | 35,000 | 195,000 |
| 1117 | Senior Enforcement Officer (P4) | 35,000 | 195,000 |
| 1118 | Senior Enforcement Officer (P4) | 0 ¹ | 50,000 ² |
| 1119 | Senior Capacity Building Officer (P4) | 35,000 | 195,000 |
| 1120 | Information Officer (P3) | 30,000 | 170,000 |
| 1121 | Regional Programme Officer (P3) | 30,000 | 170,000 |
| 1311 | Permit and Data Assessment Assistant (G5) | 0 ¹ | 10,000 ² |
| 1313 | Communications/Operations Control Assistant (G3) | 18,000 | 110,000 |
| 3306 | SIDS Implementation | 56,000 | _ |
| | TOTAL | 274,000 | 1,290,000 |

^{*} If the new staff posts are approved at the 42nd meeting of the Standing Committee meeting, only temporary appointments (c. two months) will be possible in 1999. However, approval of the new budget lines in this year will enable the administrative arrangements to be completed to enable the filling of these posts in 2000.

FUNDS AVAILABLE FOR ALLOCATION IN 1999 = CHF 880,000 MAXIMUM COST OF NEW BUDGET ITEMS IN 1999 = CHF 274,000

Members of the Standing Committee may wish to note that there can be no guarantee whatsoever that any staff contracts approved in this context could be prolonged beyond a 12 month period.

Funding for these posts were approved at SC40 and hence there are no additional costs for 1999.

Since funds for these posts were approved at SC40, most of the costs of these re-defined posts are already available.

ESTIMATED FINANCIAL REQUIREMENTS FOR THE OPERATIONS OF THE UNEP/CITES SECRETARIAT IN THE YEAR 2000 – IN CHF

| | GRAND TOTAL | 10,097,586 | 812,564 | 10,910,150 |

^{*} This budget incorporates the budget approved by CoP10 and the additional and increased budget decided during the 40th and 41st meetings of the Standing Committee. It also includes the proposal of additional staffing requirements already detailed in Annex 6 and submitted to this 42nd meeting of the Standing Committee for approval.

^{**} These proposed modifications include all items related to CoP11 which were originally approved in the 1999 budget. The modifications also include additions and deductions to some other operational cost elements. In addition, the modification include small amounts required for rounding up of the totals to the nearest thousand.

CITES BANKING ARRANGEMENTS

- 1. At its 41st meeting, the Standing Committee requested UNEP to investigate possibilities for increasing yields on invested cash balances.
- Accounts in US dollars currently attract higher interest yields than Swiss-franc accounts. It would not, however, be prudent asset management for UNEP or the Secretariat to exchange its cash holdings from Swiss francs into US dollars or any other currency only for the purpose of obtaining higher interest rates. This would expose the Trust Fund to an exchange rate risk vis-àvis the Swiss franc.
- 3. As the contributions and budgets of the Secretariat are determined in Swiss francs, prudent cash management requires that funds be held mainly in that currency. Cash should normally be held in US dollars to the extent that these holdings are close to or equal to commitments or liabilities also denominated in US dollars. Typical examples of these are unspent balances of US-dollardenominated voluntary contributions, or US dollar amounts due from the Trust Fund to UNEP or other organizations.
- 4. n line with these principles, the Secretariat is currently investing the Swiss franc and US dollar balances in its bank accounts at the best possible rates obtainable for non-risk cash investments. The rates obtained have been very competitive.
- 5. The Secretariat has further streamlined its financial forecasting and some funds are now being invested for longer periods of time, which will enhance the interest yields obtained. It is expected that, after the 42nd meeting of the Standing Committee, a more precise picture can be obtained for projected cash flows into the year 2000 and beyond, and this will enable the Secretariat to further improve its decision-making on investment maturities.
- 6. The Treasurer of the United Nations has recently been approached by UNEP Financial Management for further advice on this matter

CITES Trust Fund

CLASSIFICATION REVIEW OF POSTS IN THE SECRETARIAT

- 1. Consistent with the UN Administrative Instruction ST/AI/1998/9 and staff regulation 2.1, UNEP engaged the services of a consultant to undertake a classification review of all posts in the CITES Secretariat in the latter part of 1998.
- 2. The consultant's recommendations were reviewed in the Human Resources Management Service (HRMS) of UNON and in UNOG and also by the Office of Human Resources Management (OHRM) in New York. The classifications that were approved by the UN are presented, for the information of the Standing Committee, in the Classification Table below.
- 3. The Secretariat is advised that the existing budgetary provisions of the CITES Trust Fund, approved at CoP10 and modified subsequently by the Standing Committee, are sufficient to allow for the adoption of the newly approved classifications.
- 4. Members of the Standing Committee may wish to note that the budgetary provisions for the OTL posts in the Secretariat are approved directly by UNON they do not require budgetary endorsement by the CITES Standing Committee.

CITES SECRETARIAT CLASSIFICATION TABLE (May 1999)

| Enforcement Assistance Unit | | | | | |
|--------------------------------|------------------------|--|--|--|--|
| (1104) | 1P5 | | | | |
| (1302) (1303) | 1L3 (°°°) 1L2 (°°°) | | | | |
| (1306) | 1G4 | | | | |
| | | | | | |

| Convention Interpretation and Servicing Unit | | | | | |
|--|-----|--|--|--|--|
| (1106) | 1P5 | | | | |
| (1110) | 1P3 | | | | |
| (1111) | 1P3 | | | | |
| (1112) | 1P3 | | | | |
| (1302) | 1G5 | | | | |
| (1309) | 1G3 | | | | |

| Scientific Co-ordination Unit | | | | | |
|----------------------------------|-----|--|--|--|--|
| (1103) | 1P5 | | | | |
| (1107) | 1P4 | | | | |
| (1109) | 1P4 | | | | |
