#### 8.2 Estimated expenditures for the years 2004 and 2005

The Chairman of Committee II reported that document CoP13 Doc. 8.2 (Rev. 1) had been accepted in the Committee and it was adopted.

## 8.4 External funding

The Chairman of Committee II reported that document CoP13 Doc. 8.4 had been <u>noted</u> and this was confirmed.

# 8.3 Budget for 2006-2008

The Chairman of Committee II reported that the Finance Working Group, chaired by the Chairman of the Standing Committee, had been formed to review document CoP13 Doc. 8.3 (Rev. 1). The working group had also considered the recommendations regarding budgetary allocations from the reports of the Chairman of the Animals and Plants Committees. He noted that the working group had developed a revised draft resolution on financing and budgeting of the Secretariat and of meetings of the Conference of the Parties, which was contained in Annex 2 to document CoP13 Com. II. 23. He further reported that the revised draft resolution had been agreed, with one Party having expressed concerns.

The delegation of Argentina, seconded by the delegation of Kenya, asked to reopen the debate. They noted that they had serious concerns with two points in document CoP13 Com. II. 23. The delegations of Qatar and the Russian Federation opposed reopening the debate. The Chairman called for a vote regarding reopening of the debate. The result was: 56 in favour, 51 opposed and 22 abstentions and the motion was accepted (see the Annex).

The delegation of Argentina, supported by the delegation of Mali, stated that they were opposed to Option 4 in Annex 1 to document CoP13 Com. II. 23 and had concerns about the new paragraph a) under "REQUESTS the Standing Committee", because it failed to consider the problems many countries encountered in paying their voluntary contributions. The delegation of Mali also drew attention to the problems they had had at the present meeting because of the new Secretariat policy not to provide printed copies of working documents in advance. The delegation of Brazil echoed the comments of the delegation of Argentina adding that they believed there were ways to avoid reducing the number of meetings of the Animals and Plants Committees. The Chairman of the Plants Committee agreed. She and the Chairman of the Animals Committee further stressed that the present meeting had referred considerable work to their committees and that it would be difficult to accomplish it all, particularly under a zero growth budget. The delegation of the Netherlands, on behalf of the 25 Member States of the European Community, highlighted the importance of funding the Secretariat at a level where it could provide a good quality service to the Parties. They also noted that, although they did not oppose consensus in Committee II, they could support a modest increase in the budget and were in favour of giving flexibility to the Secretary-General to determine how best to incorporate priority activities and implement further cost-saving measures. The delegation of the United

Kingdom of Great Britain and Northern Ireland echoed these remarks and confirmed their commitment to continue trying to provide additional funding. The delegation of Mexico suggested that external funding could be sought specifically for additional meetings of the technical committees. The Chairman of the Finance Working Group, supported by the Chairman of Committee II, noted that many of these concerns had been previously raised and that the task directed to the working group had been to craft a budget based on a zero increase in Party contributions. The Secretary-General suggested that Parties consider in the next session an alternative to zero growth.

The session was closed at 12h20.

Agenda item 8.3 – Result of the vote to re-open the debate, proposed by the delegation of Argentina.
