

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES OF WILD FAUNA AND FLORA

NOTIFICATION TO THE PARTIES

No. 2018/042	Geneva, 30 April 2018

CONCERNING:

Existing funding opportunities for supporting African lion conservation activities

- 1. The Standing Committee, at its 69th meeting (Geneva, November 2017), requested the Secretariat to disseminate to Parties relevant information on existing funding opportunities that can support the implementation of conservation and management plans and strategies for the African lion, and the actions outlined in Decision 17.241, paragraphs a) to j) [see executive summary SC69 Sum. 6 (Rev. 1)].
- 2. The Secretariat collaborated with the Secretariat of the Convention on Migratory Species (CMS) in collating relevant information, presented in the Annex to the present Notification. The Secretariat noted that the list of potential funding sources may not be complete or exhaustive, and that the size of the grants, the conditions for accessing funding, and the application modalities may change over time. The table in the Annex shows funding opportunities from government agencies and multilateral sources; and from organizations and charitable foundations. The columns indicate: the funding source; the funding programme; the average grant size (where known or indicated); and the path to access funding, with links to relevant websites, and an indication of entitlements for application (where known or as indicated).
- 3. The Secretariat furthermore wishes to draw attention to the intergovernmental and non-governmental organizations that contribute to African lion conservation efforts. These include, for example, the African Wildlife Foundation, African Parks Network, Born Free Foundation, Ewaso Lions, Gorongosa Lion Project, Lion Guardians, Panthera, Wildlife Conservation Society, World Wildlife Fund, Zambian Carnivore Programme, and many others. The Cat Specialist Group of the Species Survival Commission of the International Union for Conservation of Nature (IUCN/SSC) provides several lion conservation plans and strategies. While these organizations usually do not offer direct funding, they may collaborate with African lion range States and local communities on projects that implement or contribute to lion conservation strategies.

Annex

Funding opportunities to support African lion conservation activities

Source	Funding programme	Grant size	Accessing funding	
GOVERNMENT AGENCIES AND MULTILATERAL SOURCES				
Critical Ecosystem Partnership Fund	Small Grants	USD 15,000	Application process via ConservationGrants website	
	Large Grants	USD 150,000 - 500,000	Application process via ConservationGrants website	
DOEN Foundation	Dutch Postcode Lottery	Large and Medium grants	Application process via website Available to legal entities Website	
European Union (EU)	International Cooperation and Development / European Development Fund	Large grants	Calls for proposals made public on website Available to Governments, NGOs, IGOs	
	Small Grants Programme (implemented by UNDP)	Up to USD 50,000	Application process via website available to Governments, NGOs, IGOs
